

The iconic GD930 vacuum

Silence meets power: The new GD930 PRO HEPA is designed to empower your business like never before. We've thought of every detail to provide unmatched productivity, allowing you to accomplish your cleaning tasks faster and more efficiently than ever. Plus, the GD930 PRO HEPA now operates more quietly than ever, ensuring minimal disruption day or night.

The GD930 PRO HEPA delivers best-in-class cleaning performance and durability, all while lowering the total cost of ownership. With minimal training and maintenance requirements, you can focus on providing exceptional service to your clients every time. We've also made sure to prioritize ergonomics and sustainability, helping to reduce operator strain and making the job even easier for your operator, all while creating a safe work environment.

Performance and feature benefits include:

- New fleece bags with improved filtration and up to 10% higher performance
- Greater capacity than most compact vacuums at – one of the highest net fillings in the market at 15 L saves money with fewer bags used and less time wasted
- Upstream HEPA filter in the lid for outstanding turbine protection and easy cleaning and replacement
- Improved already world-class low sound level for non-intrusive cleaning
- Upgraded storage for better cable protection and faster start of cleaning
- Detachable cord for easy replacement and extend lifetime
