

TM2815R – Twin Mop System

The TM2815R TwinMop system is a compact, dual bucket mopping system that incorporates a large clean water bucket, a dirty water bucket and an Allmops press wringer that diverts dirty water rearwards to the dirty water pail.

A small caddy to carry cloths, spray bottles and other cleaning accessories is included.

The heavy duty base and wringer have been sustainably engineered from the highest quality recycled plastic, using Numatic's innovative ReFlo Technology.
